

MOBILE SOLUTIONS

- *Access company directory and contacts list*
- *Check missed calls and voicemails*

COMMIT TO FREEDOM

Extends functionality beyond the landline or desktop phone with a cloud-based softphone and mobile apps. It brings features of the platform directly to your mobile device as a unified communication solution. Users can maintain a same identity when making or receiving calls from any location, regardless of their device and without interruption.

BYOD (BRING YOUR OWN DEVICE)

Collaborate and stay connected with the same user experience on all devices. Empower users to always keep business moving. Embrace the new order of communication.
